After rejuvenation by Infosys Foundation...

Hebbal Lake now open for rampant fishing

Over fishing depriving migratory birds of food; Fishing tender handed over for a paltry Rs. 1,450 per year; Residents demand its scrapping

Mysuru, Nov. 9 (BCT)- The State Government's move to hand over the rejuvenated Hebbal Lake for rampant fishing activities has upset the residents, morning walkers and environmental activists.

The Zilla Panchayat Department of Fisheries has already awarded the fishing tender to another fishing co-operative body for a paltry Rs. 1,450 per year and fish is being caught from the Lake on a day-to-day basis. The caught fishes are being transported in vehicles that come to the Lake campus after dark.

Fish caught from the Hebbal Lake being transported in vehicles after dark. Picture right shows MCDCC Bank President G.D. Harish Gowda visiting the protest site at the Lake this morning.

The 54-acre Hebbal Lake was recently given a new lease of life by the Infosys Foundation that spent a whopping Rs. 105 crore. As part of the Corporate Social Responsibility (CSR) initiative, money was pumped in to revive, beautify and infuse fresh water into the water body after blocking polluting industrial and commercial waste-carrying channels.

The Foundation, under the Chairmanship of Sudha Murty, tied up with the Mysuru City Corporation (MCC) and incorporated various works and technologies, including the Sewage Treatment Plant, which fully recycles sewage before leaving it to the Lake.

After rejuvenation, the Infosys Foundation has been maintaining the Lake.

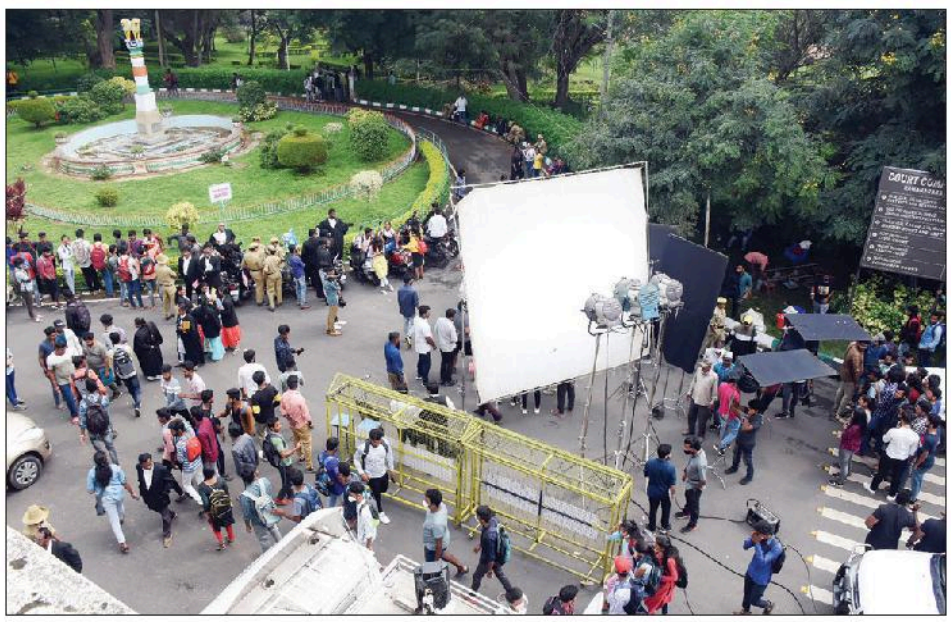
Lights, Camera, Action first... Classes next!

Film shooting inside Maharaja's Degree College during class hours irks teachers, students



Mysuru, Nov. 9 (MTY&BCT)- The Maharaja's Degree College in the heart of the city turned into 'District and Sessions Court, Ramanagara' today with lots of advocates dressed in their black attire and also litigants mobbing them to represent their cases in the 'Court'.

Reason: A Malayalam movie shooting was taking place inside the campus and two sections of the College were given a complete makeover to make the heritage building look like a Court, complete with display boards, lawyers, judges and litigants. The movie, *Jana Gana Mana* was being shot there since Sunday last and yesterday and today being working days, students were pulled towards the shooting.

Lights and camera trolleys were set up as part of the shooting and the film crew had engaged private security guards for crowd control. While one shooting session was held in the morning as the classes began at 9 am, the other sessions would be held later in the day when the classes end.

The shooting was being held at the College in two sections — opposite the Journalism Department near the main building and Centenary Hall and near Junior BA Hall near the Grounds. Usually, the University of Mysore gives permission for such shoots to rake in revenue as Maharaja's Degree College is one of its constituent colleges.

But students and teachers have objected to the University's move to allow film shooting during academic hours. Teachers and students, on condition of anonymity, said that they have no problem if the University allows shooting during holidays and Sundays. "Classes have just begun and students are adjusting to the physical classes after months of COVID lockdown and allowing a shoot during class hours is not acceptable," a lecturer said.

NIE signs MoU with Bhoruka

To facilitate internship and project work for students

Mysuru, Nov. 9- The National Institute of Engineering (NIE), Mysuru, has signed a Memorandum of Understanding (MoU) with Bhoruka Extrusions Private Limited (BEPL), Mysuru, recently.

The company, based in Mysuru, is the industry leader in aluminium extrusions and has global footprint. BEPL has state-of-the-art extrusion plant in Mysuru with fully automated PLC controlled equipment. Bhoruka has been catering to the growing demand and utilisation of aluminium in various sectors ranging from electronics, transportation, textiles, renewable energy, defense, aerospace, etc., specialised in the development of custom-made profiles under made-to-order.

The MoU, signed by Dr. N.V. Raghavendra, Principal of NIE and Rajath Agarwal, Director, on behalf of Bhoruka Extrusions Pvt. Limited, will facilitate excellent opportunities for the students of Industrial & Production Engineering (IPE) at NIE to take up internship, training and project work at Bhoruka.

The scope of the MoU covers visits, industrial training, internship/ skill development programmes, final year projects, etc. NIE students, who undergo internship and training, will be given preference in Placements.

The Department of Industrial & Production Engineering at NIE has excellent teaching faculty, most of whom have acquired Ph.D from IITs and NITs. About 10 research scholars have acquired Ph.D degrees working under the Professors in the IPE Department.

EDITOR'S BOTTOMLINE

Dear Aryan Khan, I am sure you met other prisoners. Anonymous young men waiting for their cases to be heard. So many of them have been languishing in jail for years, without money or anybody to represent them. You must have listened to their stories, and they, yours. Something inside you would have been deeply affected, being the sensitive young man you are. These under-represented men are often referred to as "hardened criminals", as you also were. There were serious charges filed against you and you must have felt defeated, depressed and despondent — just like them. Except that you lived with hope. Huge difference. You lived with the assurance that your wealthy, famous and powerful father would move heaven, earth and the entire cosmos to get you out as fast as possible. Which he did! He hired the best of the best in the legal world to fight for you. Those others have no such hope. They may grow into middle age waiting for their cases to be heard! Some of them may even die inside the jail, their bodies and spirits broken by an unfair legal system inherited from the British.

This is just a thought: maybe your trauma inside prison will push you to create better awareness about the warped legal process that forgets basic human rights' issues when it throws thousands of innocents into prisons across India and conveniently overlooks them. You have the power, voice and reach to start a meaningful campaign on behalf of those who live without a chance of getting justice. You at least will get a hearing — and then the courts will decide. Do think about all those whose precious years are spent behind bars for crimes they may or may not have committed. If you undertake this important mission, that will be your legacy, Aryan Khan. *—Shobhaa De in NDTV.com*

Treasure hunt: 20 billion dollars trove found!

Helsinki: A group of treasure hunters that has been searching for the fabled 'Lemminkäinen Hoard' treasure in Finland since 1987 claims that they are finally just "meters away" from finding it.

Known as the Treasure Twelve, the group of treasure hunters has spent every summer since 1987 looking for the Lemminkäinen Hoard, the whereabouts of which were revealed to them by a mystic just before his death. Apparently, a labyrinthine cave complex near Helsinki is home to the most valuable treasure the world has ever known, with an estimated value of over 15 billion dollars. Now, 34 years after their search for the Lemminkäinen Hoard began the Treasure Twelve are closer than ever to finally getting their hands on it.

3-legged dog learns to walk like humans

Ouray: Dexter, a 6-year-old Brittany Spaniel dog, has become famous for his ability to adapt by learning to walk only on his hind legs, after losing one of his front legs in a car accident.

Dexter hadn't even turned 1-year-old when he broke out of his owners' yard in Ouray, Colorado to follow a scent. Focused on his goal, the pup accidentally ran out in front of a moving van and got hit pretty badly. One of his front legs had to be removed and the other turned out to be more badly damaged than originally thought. But the important thing is that after a 45-minute procedure, Dexter's life was saved and he has since adapted perfectly, relying only on his hind legs to get around, just like a humans. One day, two months after Dexter's accident, when his owners took him outside on the front lawn and he simply got up on his hind legs and walked up onto the porch like a humans.

HEALTH CAPSULE

Digital eye strain or Computer vision syndrome - is a group of eye or vision related problems due to prolonged screen time in the form of computer, cell phone and tablet use. **Treatment -** 1. Rest break- 20-20-20 rule - 20 sec break to view something 20 feet away after every 20 mins., 2. Use antiglare glasses/ glare reduction filter on screen 3. Remember to blink often 4. Consult ophthalmologist if symptoms persist.

Post-Matric Student Scholarship: Deadline extended to apply

Mysuru, Nov. 9 (ASC)- The Department of Social Welfare, which had invited applications from students of Scheduled Caste (SC) Community for Post-Matric Scholarship for 2020-21, has extended the last date to Nov. 15.

Only those students whose parents' annual income is below Rs. 2.5 lakh are eligible to apply. Students should link their bank accounts with Aadhaar cards. To apply, log on to ***ssp.postmatric.karnataka.gov.in***

For details, visit Office of the Assistant Director (Grade-1), Social Welfare Dept., situated at Dr. Babu Jagjivan Ram Bhavan, Adipampa Road, Vontikoppal East, Paduvaralli, Mysuru -12 or call Ph: 0821-2520910, according to a press release.

Backward Classes Community

Also, the Backward Classes Welfare Department (BCWD), Mysuru and Nanjangud taluk, which had invited online applications from eligible Backward Classes Community students to avail Post-Matric Student Scholarship, fee concession, Vidyasiri (Food & Accommodation Scheme) for the year 2020-21, has extended the last date to Nov. 30. Applications may be submitted to ***ssp.postmatric.karnataka.gov.in***

For details, visit ***https://bcwd.karnataka.gov.in/*** or contact Ph: 080-35254757 or Department Helpline on Mob: 80507-70005 or 80507-70004, according to a press release from the BCWD District Officer.

Chamundi Hill road collapse: A Design Engineer's perspective

Sir,

This refers to H.R. Bapu Satyanarayana's letter ***'Be warned, Chamundi Hill not a tinkering lab'*** in *Star of Mysore* dated Nov. 8.

Bapu, a retired Chief Engineer and myself have written numerous articles on the failure of roads all over our city. But not a single agency has approached either of us for advice.

Yesterday, we had a long chat on the matter in utter disgust. We concluded with the thought "Nothing but utter lack of sincerity and sense of application of engineering brains are the causes for catastrophic situations all over Mysuru including Chamundi Hill."

It is neither that the world has never seen such incessant rainfall nor that the roads are failing in such regularity over the world where it rains 8 months in a year. Roads are good in England, Norway and Northern Japan etc. In fact "frost action" in such zones is more dangerous to roads than incessant rains. It is just that lackadaisical approach and deep-rooted money-sharing deals that are causing distress.

If anyone wishes to prove me wrong, please produce copies of slope stability tests, typical cross section, safety of road toe against natural hill slope, test results of soil, compaction, drainage, tests of bituminous layers etc. They are all contained in MoRTH (Ministry of Road Transport and Highways) specifications and every contract BoQ (Bill of Quantities) refers to MoRTH. So, all procedures need to be sacrosanct with MoRTH.

Chamundi Hill has mild/friendly slopes that do not pose any serious challenges. I can say with conviction that the failed stretch lacked engineering thoughts in Design Offices, on the Drawing Board and thus the failure. Being a Design Engineer, I summarise the failure as follows:

1. Toe of the road on the lower side of the Hill slope needs stable support.

2. Such support can be either with a 'retaining wall' or by shifting the road alignment towards uphill.

3. In the latter case, 'benching' has to be carried out to ensure efficient locking of earthworks.

4. One in 100-year rainfall to be used to design a proper road side drain; especially along the upper side.

5. Ultimately, a properly coordinated contract procedures are imminent where bidders are cautioned of the MoRTH; chapter by chapter, material testing frequency (not concocted) and more importantly, effective supervision.

I learnt that experts from the Indian Institute of Science, Bengaluru, were called in. With due respect to them, we (Bapu and myself) prefer to tie-up with them as professionals and provide a lasting solution. Only empowerment of masses to scrutinise works and records will help.

— V.N. Prasad, Design Engineer & Project Management Consultant - Roads (Retd.)

IBM to start campus in Mysuru city soon

Minister for Higher Education, IT & BT, Science & Technology, Skill Development, Entrepreneurship & Livelihood Dr. C.N. Ashwathnarayan is joined by Dr. E.V. Ramana Reddy, Additional Chief Secretary, Department Electronics, IT, BT and IBM India senior executive team for the virtual launch of IBM CIC Centre for Mysuru.

Bengaluru, Nov. 9 (KMS & BCT)- IBM company's Client Innovation Centre (CIC) was launched for Mysuru which specialises in design, software engineering and analytics was launched by Minister for Higher Education; IT & BT, Science and Technology; Skill Development, Entrepreneurship and Livelihood Dr. C.N. Ashwathnarayan.

Speaking on the occasion, Dr. Ashwathnarayan, who inaugurated the CIC virtually from Vidhana Soudha in Bengaluru yesterday said, "IBM group would also start its full-fledged campus in Mysuru in two months."

"CIC-Mysuru supports the rapid and high-tech-driven economic growth in tier 2 and 3 regions of the State by providing comprehensive hybrid cloud and AI technology consulting capabilities," he added.

"Karnataka Digital Economy Mission's (KDEM) spoke-shore approach will converge on setting aspirational goals for GCCs and creating employment opportunities for 10 lakh (direct and indirect) candidates by 2026. The 'Beyond Bengaluru' initiative aims to attract and host 5,000 IT companies and start-ups by 2026 in the Mysuru, Hubballi and Mangaluru clusters," he explained.

The Minister also hoped this partnership between KDEM and IBM to launch CIC in Mysuru will strengthen the IT industry ecosystem in the region and propel Karnataka to become a frontrunner for digital services and technologies the world over.

Utilising delivery capabilities

As an entrepreneurial start-up within IBM Consulting, the CIC specialises in design, software engineering and analytics. The CIC's mission is to support clients in the transformation of their business by utilising delivery capabilities throughout the entire system development life cycle, from design to architecture to creation.

"Digital transformation is happening at an accelerated pace across Mysuru," said Amit Sharma, IBM's Managing Partner, Worldwide Global Delivery. The IBM CIC will play a key-role in the digital transformation of the IT-ecosystem throughout Mysuru and create new employment opportunities to foster the next wave of technology innovation, he added.

Workforce to be hired

IBM CIC is looking to hire over 10,000 staff this quarter globally. This builds on double-digit hiring growth in its Global Delivery Centres already this year. This continued investment in talent will expand the company's skillsets in areas such as AI, intelligent workflows, application modernisation and management and hybrid cloud.

"New skills will serve to open-up new business streams and strengthen the IT industry ecosystem in the region through close collaboration with clients and partners including cloud solution and service providers," he added.

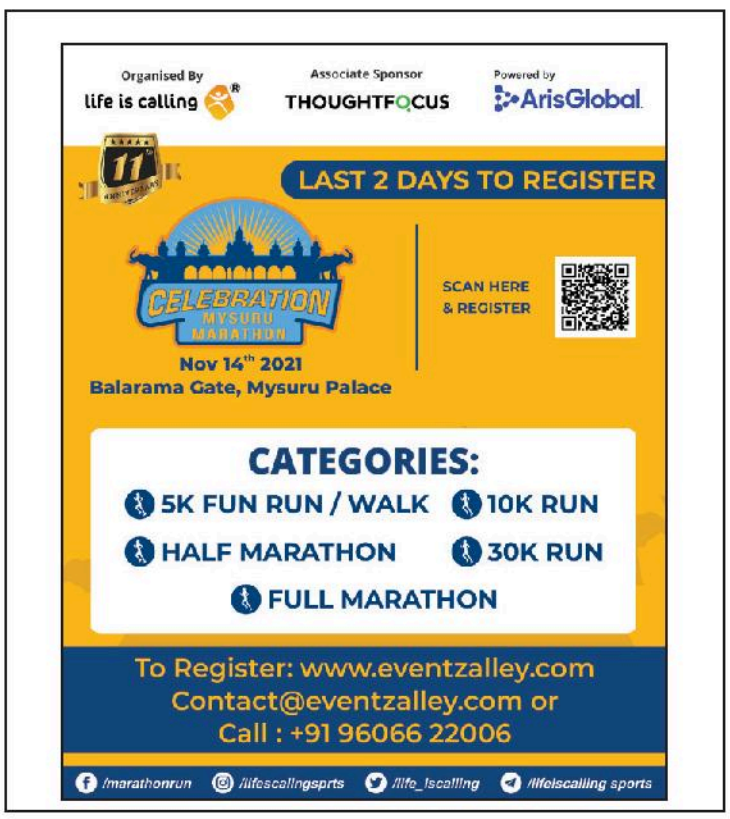
E.V. Ramana Reddy, Additional Chief Secretary, Dept. of Electronics, IT-BT & S&T, Sanjeev Gupta, MD & CEO, Lahari Group, P. Pradeep, Commissioner, Dept. of Collegiate Education, Meena Nagaraj, Director, Dept. of IT/BT were present.

Hostel admission

Mysuru, Nov. 9- City's Kumbarara Sarvajanika Vidyarthi Nilaya Trust has invited applications from Kumbara community students studying degree, technical, medical and other professional courses for admission to the hostel run by it.

The hostel is located opposite Apollo BGS Hospitals on New Kantharaj Urs Road, Kuvempunagar. Application forms can be collected from the hostel office and the same must be returned with all necessary documents before Nov. 30.

For more details, call Mob: 96115-99514 / 86606-45762.



NEWS BRIEFS

Power disruption

Owing to emergency maintenance works, power supply will be disrupted in the following areas tomorrow (Nov. 10) between 10 am and 5 pm: LIC Circle, KSRTC Depot, Putali Park, Tilaknagar, Bamboo Bazar, Pulikeshi Road, Medar Block and surrounding areas, according to a press release.

Basavasri Award

Basava Kendra, Sri Jagadguru Murugharajendra Brihanmutt, Chitradurga, will be conferring Basavasri Award for the year 2019 on sarod maestro Pt. Rajeev Taranath at his residence, #154, 11th Main, opposite Javaregowda Park, Saraswathipuram, Mysuru, tomorrow (Nov. 10) at 4 pm. Dr. Sri Shivarathri Murugha Sharanaru will preside. 'Pt. Rajeev Taranath Sarod Swarayaana' edited by Ganesh Amingad and Raghupati Tamanhakar will be released on the occasion. District Minister S.T. Somashekar, Mysore University VC Prof. G. Hemantha Kumar and Mayor Sunanda Palanetra will be the chief guests.

Ph.D awardee

G. Sushmitha has been awarded Ph.D in Commerce by the University of Mysore (UoM) for her thesis 'Risk management in co-operative banks - A study of Mysore division' [Guide:Dr. N. Nagaraja].

Policemen who faced Veerappan forced to live with snakes, scorpions

By Mohan Kayaka

Mysuru, Nov. 9- The apathy of MUDA officials has turned the Police Layout in Hanchya-Sathagalli 'B' Zone in the outskirts of city into a shelter for snakes, scorpions etc., forcing the brave Police personnel, who had taken part in Anti-Veerappan operations to live with these creatures.

The incessant rains that has been lashing the city for the past one week has only compounded the problem as the Layout has turned slushy. Further, the quarters premises, which is in a low-lying area, is flooded with sewage water.

The *Raja Kaluve* in which drain water from areas such as Siddarthanagar, Yaraganahalli, Alanahalli and Raghavendranagar flows, poses another problem for Hanchya-Sathagalli 'B' Layout that is located along the *Raja Kaluve*, which overflows whenever it rains heavily.

The Underground Drainage (UGD) water from nearby VTU (Vishveswaraya Technological University) Regional Centre, has only added to the problem of the residents of the Layout. The overflowing drain water, apart from emanating unbearable stench, is a breeding ground for mosquitos, flies and other insects.

Besides, most of the roads in the Layout are in poor shape, with motorists finding it difficult to travel on them.

As most of the open space in the Layout is covered by drain water, the area has become a shelter for snakes and scorpions, which has caused scare among the residents.

Some residents of the Layout told *Star of Mysore* that snakes and scorpions entering houses have become a common feature in their locality.

Pointing out that they are scared by the reptiles, they said that innumerable number of snakes have been caught and let into the forests. Hitting out at official apathy, they maintained they have been living in constant fear, with poisonous creatures around them.

Following the State Government's decision to allot sites to a total of 754 Policemen, who were involved in Anti-Veerappan operations, the MUDA distributed sites to about 100 Police personnel from Mysuru, at Hanchya- Sathagalli 'B' Zone over 10 years ago. Subsequent to the allotment, about 25 houses have come up in the locality so far, according to retired Police Sub-Inspector D.R. Jayaswamy, who laments the official apathy to the plight of the locality residents.

This apart, the locality is facing yet another problem as the rain water that collects in the vacant space that has been reserved for the construction of a cricket stadium, gushes into the locality, turning the roads into cesspools.

Also, the water that remains stagnant has become a breeding ground for mosquitos and flies, which may cause outbreaks of epidemic diseases, Jayaswamy said adding that the stench that emantes from underground drainage is a health hazard.

He urged the authorities to take immediate measures for preventing water stagnation at the cricket stadium ground and to stop drain water flow from the adjacent VTU campus.

Govind, another resident of the Layout said that they have seen many snakes moving around in the locality.

Noting that overgrown shrubs and plants provide perfect shelter for reptiles, he argued that with a lot of snakes and scorpions around, they feel that they are living in a reptile sanctuary.

Meanwhile, MUDA Commissioner Dr. D.B. Natesh said that though the locality, which has a nameboard that suggests that it is a Police Layout, they initially believed that it was a private layout.

But after coming to know that MUDA had allotted the sites for Policemen involved in Anti-Veerappan operations, he said that he would visit the Layout soon to learn about the problems faced by the residents, adding that measures will be taken to solve the problems that the residents locality are facing.

MUDA Engineer Shivanna said that recent thunder showers had resulted in the locality getting watter-logged for days. Maintaining that following complaints, the authorities have cleared blockages in storm water and sewage drains, he said that all the problems of the locality will be addressed soon.

President presents Padma Awards - 2021

Sudharma Editor Jayalakshmi, Hockey champ Dr. M.P. Ganesh and 117 others receive highest civilian honours

Vidushi K.S. Jayalakshmi, Editor of the oldest Sanskrit daily 'Sudharma' from Mysuru, Hockey player Dr. M.P. Ganesh of Kodagu and Harekala Hajabba, an orange vendor from Mangaluru, receiving Padma Awards from President Ram Nath Kovind at Rashtrapati Bhavan in New Delhi yesterday.

New Delhi, Nov. 9- Vidushi K.S. Jayalakshmi, Editor of the world's only Sanskrit daily newspaper published in Mysuru, Hockey player Dr. M.P. Ganesh of Kodagu and Harekala Hajabba, an orange vendor from Mangaluru who built a primary school with his earnings, were among 119 persons who received Padma Awards from President Ram Nath Kovind at Rashtrapati Bhavan yesterday.

Padma Awards are one of the highest civilian honours of India announced annually. The Awards are given in three categories: Padma Vibhushan (for exceptional and distinguished service), Padma Bhushan (distinguished service of higher order) and Padma Shri (distinguished service).

A total of 119 Padma Awards comprising 7 Padma Vibhushan, 10 Padma Bhushan and 102 Padma Shri Awards were presented. 29 of the awardees are women, 16 posthumous awardees and 1 transgender awardee.

PADMA VIBHUSHAN

Late playback singer S.P. Balasubramaniam (Posthumous) in the field of Art and Dr. Belle Monappa Hegde for Medicine, Former External Affairs Minister Sushma Swaraj (Posthumous) are among seven persons, who were presented with the Awards.

PADMA BHUSHAN

Chandrashekhar Kambara for Literature and Education, Tarun Gogoi (Posthumous) for Public Affairs, Ram Vilas Paswan (Posthumous) for Public Affairs and Keshubhai Patel (Posthumous) for Public Affairs among 10 others.

PADMA SHRI

Vidushi K.S. Jayalakshmi for Literature and Education (Journalism), Hockey Olympian Dr. M.B. Ganesh for Sports, Matha B. Manjamma Jogati for Arts, Harekala Hajabba for Education, Vijay Sankeshwar for Trade and Industry, Rangaswamy Lakshminarayana Kashyap for Literature and Education and actress Kangana Ranaut are among 119 persons who were conferred with the Award.

AWARDEES' PROFILE

Vidushi K.S. Jayalakshmi, wife of late K.V. Sampath Kumar, took over as the Editor of 'Sudharma,' the world's only Sanskrit daily newspaper published in Mysuru. The paper was started in 1070 by Varadaraja Iyengar and following his demise in 1990, the newspaper was taken over by his son K.V. Sampath Kumar and his (Sampath Kumar) wife Jayalakshmi. Jayalakshmi took over the reins after the demise of Sampath Kumar in June this year.

Mollera Poovaiah Ganesh, aged 73, a resident of Suntikoppa in Kodagu, was the captain of the Indian hockey team and won the Arjuna award in 1973.

Ganesh began his sports career with football and later switched over to hockey after he joined the Army. He represented the Services (defence services) in the National Hockey Championship from 1965 to 1973. He found a place in the Indian team in 1970. Ganesh played for India at 1972 Munich Olympics, finishing third. He was one of the coaches of the Indian team that won a gold medal at the 1980 Olympic Games in Moscow.

He twice represented India in Asian Games (Bangkok-1970 and Tehran-1974). Both the times India returned home with a Silver medal. He was in the Indian team that won Bronze at the first World Cup at Barcelona in 1971 and captained the team that won Silver at the next World Cup in Amsterdam. He also played for World XI in 1972 and Asian XI from 1970 to 1974. Ganesh last played for India in 1974 after his career was cut short by a knee injury. At present, he is serving as the CEO of SAI National Hockey Academy in New Delhi.

Harekala Hajabba, 66-year-old orange vendor, received this award for bringing a revolution in rural education by constructing a school in Harekala-Newpadpu village in Mangaluru. The school currently has 175 underprivileged students from the village. Hajabba, who sells oranges at Mangaluru bus depot since 1977, has never been to school.

Cabinet okays new sand policy; to cut costs

Bengaluru, Nov. 9 (Agencies)- The Karnataka Cabinet yesterday approved a new sand policy that is expected to bring down cost of the material and put greater regulation over chances of over exploitation of the resource.

J.C. Madhuswamy, Karnataka's Minister for Law and Parliamentary Affairs, said the new policy was approved under three categories which would give greater powers to local administrative bodies. "We have made it easy to procure sand in Karnataka," he said in Bengaluru.

Madhuswamy

Sand in Gram Panchayat would be sold at Rs. 300 per tonne, while riverbed sand is fixed at Rs. 700 per tonne to be sold at urban, inter-districts and other areas. The Minister said a separate authority would be constituted with enforcement and monitoring of any sand mining.

Though the policy had been announced by the previous Government led by B.S. Yediyurappa, the guidelines had not been framed. The new rules will allow people to buy the building material online and also empower Panchayats, which can issue permits for sand extraction within their jurisdictions.

Mysuru Mines and Minerals Ltd. and Hutti Gold Mines have been given the power to extract sand from river beds, he added. The State Government collects 50 percent of the royalty levied on sand. Of this, half or 25 percent will be given to Panchayats. If required, additional grants from the remaining 25 percent will be provided to Panchayats to develop roads that are damaged due to the transportation of sand.

An authority will be set up to give permission for extracting sand from river beds. It will act as the enforcement and monitoring agency and the guidelines for the new authority will be issued soon, the Minister said.

"With the new policy, sand will be available easily and at a reduced cost. Price per load (one lorry) is expected to be around Rs. 10,000 to Rs. 12,000 which is much cheaper than the earlier price. Royalty will be nominal at around Rs. 60 per tonne," he said.

RECRUITMENT CONFUSION

The Minister said that there was some confusion on filling up vacancies in Government jobs. At present, 50 percent is through direct recruitment, while the rest is through promotions. In both categories, recruitments would cross 50 percent, causing confusion. "We are bringing in a policy restricting the number of posts to be filled through direct and promotion-based recruitments for each sanctioned post," he said.

CHAMARAJANAGAR HOSPITAL

The Cabinet also decided to upgrade the Chamarajanagar District Hospital from the present 300 beds to 700 beds. Once the number of beds will be increased to 700, the annual medical seat quota available for the Chamarajanagar Hospital will increase to 150 from the present 100 seats.

ASHA workers avert many Child Marriages

Mysuru, Nov. 9 (Akshay& BCT)- With schools reopening fully after a gap of over one-and-a-half years, Child Development Project Officers (CDPOs) and officers from Women and Child Welfare Department of Mysuru are hoping to see a drastic decline in child marriages.

Ever since the pandemic began, there has been a dramatic spurt in child marriages where a majority of girls and boys have been married off because of COVID-19, lack of schooling, unemployment, pressure from parents and relatives, poverty and lack of alternatives. A heartening factor here is that many child marriages have been prevented by Accredited Social Health Activist (ASHA) workers along with their role in preventing the spread of the killer pandemic.

According to the data obtained by *Star of Mysore* from the Women and Child Welfare Department and Childline District Convenor Dhanraj, who is also the District Coordinator and Nodal Coordinator of the Childline, from April 2020 to March 2021, 288 child marriage cases were registered in Mysuru and out of which, 243 marriages were prevented. 45 minors were married off and cases have been booked against parents.

From April 2021 to August 2021, 88 child marriage cases were registered and 65 were prevented. 23 marriages could not be halted and cases have been booked. From September 2021 to October 2021, 52 child marriage cases were registered and 43 marriages were stopped in Mysuru. 9 weddings could not be prevented.

In all, from April 2020 till October 2021, 428 child marriage cases were registered and 351 marriages were stopped in Mysuru. 77 weddings could not be prevented.

According to officers from the Women and Child Welfare Department, once a minor — girl or a boy — is rescued from the wedding venue, they are placed in hostels run by the Department and enough care is provided with the Government taking over the responsibility of their education and welfare.

"If the child refuses to go back to the parents, we do not insist. Instead, the child can go with whichever relative she/ he is comfortable with or we will take care of them. Sadly, child marriages during COVID are not gender specific as both girls and boys have been rescued.

From April 2020, 351 child weddings prevented in Mysuru; 77 marriages held secretly

Period	Cases registered	Marriages prevented	Child marriages occurred
April 2020 to March 2021	288	243	45
April 2021 to August 2021	88	65	23
September 2021 to October 2021	52	43	9
TOTAL	428	351	77

In many cases, while the bridegroom is 28 or 30 years old, the girl is hardly 14 or 15. Even minor boys and girls just aged 14 or 16 have been married off," an officer said.

ASHA workers have done a wonderful job during COVID and went beyond their call of duty to prevent child marriages. "A majority of the child marriages we prevented were based on the complaint filed by ASHA workers as they have easy access of information of any child marriage in the neighbourhood as they visit each village as part of their COVID work," the officer added.

Maximum child marriages were prevented in Periyapatna taluk

From 2020 till date, maximum child marriages have been prevented in Periyapatna taluk closely followed by K.R. Nagar taluk. Mysuru taluk and city stand third, officers said. "We have also seen the trend of inter-village and intra-village child marriages where no outsiders were allowed. Even visitors dithered to go to such marriages due to the pandemic and as a result, we have missed stopping many marriages," the officer said.

Childline District Convenor Dhanraj told *SOM* that all calls (from five southern States) to the Child Helpline land in Bengaluru and Chennai. "From Chennai and Bengaluru, recorded calls are transferred to Mysuru with specific 'action to be taken' tasks with instructions. Every month, we receive 130 to 200 calls and per day, we get 5 to 8 calls on an average," he said.

"As soon as they receive a call, a team of officers visit the place of the child marriage and if the wedding is yet to be held, we will convince the parents not to marry minors. If the wedding has already taken place or if a wedding is taking place on the day of our visit, cases are booked and children are rescued," he explained.

'Maithri Saptaha' from Nov. 14

As part of Children's Day this year, a 'Maithri Saptaha' will be organised by the Child Development and Welfare Department where week-long awareness programmes will be held. Childline District Convenor Dhanraj said, "We will create awareness through radio programmes, dramas in school colleges, hold debate, drawing and essay-writing competitions for children from primary till college level to prevent child marriages," he said.

In order to empower girls, it is crucial that they have the knowledge, tools, and skills necessary to remain safe and resist child marriage and also report to the authorities. "Through the awareness programmes, we will tell them about warning signs of harm, strategies to stay safe, systems and people to access. Girls and boys themselves should be in a stronger position to seek support in a situation when they are faced with child marriage," Dhanraj added.

MYSORE WINTER RACES 2021

(By Our Racing Correspondent)

SPORTO for D.V. Vishwanath Memorial Trophy

Mysuru, Nov. 9- Following are the selections for the 4th Day of Mysore Winter Races to be held here tomorrow (Wednesday - Nov. 10, 2021):

1.	2.00 PM	**THE BIJAPUR PLATE**
		1100 mts. - 3 years (TERMS)
		1. INFINITE POSSIBILITY 2. TRACER BULLET
2.	2.30 PM	**THE SHILLONG PLATE**
		1100 mts. - rated 00 to 25
		1. WOOD CUTTER 2. MONTE GRECO
3.	3.00 PM	**THE SANGAM PLATE**
		1400 mts. - rated 20 to 45
		1. SAN VINTO 2. FROSTED
4.	3.30 PM	**THE PERTIGALETE PLATE - DIV. II**
		1200 mts. - rated 20 to 45
		1. DADDY'S GIRL 2. SUPERBRAT
5.	4.00 PM	**THE D.V. VISHWANATH MEMORIAL PLATE TROPHY**
		1400 mts. - rated 40 to 65
		1. SPORTO 2. WIND WHISTLER
6.	4.30 PM	**THE FAME AND GLORY PLATE**
		1200 mts. - rated 60 and above
		1. GOLD FIELD 2. NEW BEGINNING

Teachers, students object

While the College Principal refused to comment saying that the issue is beyond the College's control, students said that their parents had written to the University many times asking it to desist from letting out the campus for shooting during academic hours. University charges money for shooting and puts the risk on the shooting crew. The crew has to ensure that peace is maintained and the classes are not disturbed. **The heritage building is a preferred shooting destination for Kannada, Tamil, Telugu and Malayalam movies for the scenes of college, court and Govt. offices.**

Registrar clarifies

When University Registrar Prof. R. Shivappa's reaction was sought, he clarified to *SOM* that the shooting did not disturb classes. "See, these students are mature and they are not small children. Moreover, we have mentioned in the conditions that shooting must not be held during classes and loudspeakers must not be used," he said.

"The campuses are handed over to film crew irrespective of language. We cannot discriminate and all conditions are laid down before granting permission. Even Puneeth Rajkumar's 'Yuva Rathna' was shot for weeks here," he added.

City hoteliers pay rich tributes to Puneeth Rajkumar

Mysuru, Nov. 9 (PM, SBD & DM)- The Mysuru Hotel Owners Association paid rich tributes to Sandalwood actor Puneeth Rajkumar who passed away recently, at a condolence programme organised at the Association's premises (Kuthethur Seetharama Bhavan) in Krishnamurthypuram here yesterday, marking the 11th day *Punyaradhane*.

Speaking on the occasion, Association President C. Narayanagowda, who turned emotional remembering 'Appu,' as Puneeth Rajkumar was popularly known, said that the Association has paid tributes when great actors like Dr. Rajkumar, Vishnuvardhan and Ambarish and well known personalities from other fields passed away. Pointing out that the sudden demise of Puneeth Rajkumar has come as a shock for crores of Kannadigas, he termed the late actor as an unmatchable youth icon.

Recalling that he saw Puneeth Rajkumar as a small boy at a Hotel in city when he (Puneeth) had accompanied his father, Kannada Matinee idol late Dr. Rajkumar in the eighties, Narayanagowda said that Puneeth grew not only to become a great actor, but also a social icon, who engaged himself in social activities.

Association Treasurer K. Bhaskar Shetty in his address, said that the late Sandalwood actor's contribution to the society is very much inspiring. Pointing out that Puneeth earned name and fame as he grew from a child actor to a versatile actor, doing all roles with ease, he said that the late actor, apart from being remembered for his acting, will also be equally remembered for all his contributions to the society as a whole.

Hotel Owners Charitable Trust President Ravi Shastri said that Puneeth Rajkumar followed the illustrious path of his father Dr. Rajkumar, who is an immortal icon. Pointing out that crores of Kannadigas are sad that the actor passed away suddenly at an young age, he said that Appu's popularity can be measured by streams of people still visiting his burial site in Bengaluru. Puneeth's death is a huge loss not only to the film industry, but to the State as well, he added.

A huge cut-out of the late actor Puneeth Rajkumar erected in front of the Association building at Krishnamurthypuram.

Earlier, floral tributes were offered to the portrait of Puneeth Rajkumar.

The Association had erected a huge cut-out of the late actor in front of the Association building, which drew public attention.

Marking the occasion, the Association had organised mass feeding *(Annadana)* in the Association premises, in which about 500 people were provided food and in the premises of Dr. Rajkumar Park near Kote Anjaneyaswamy Temple at the Palace North Gate, where over 1,500 people had food.

Association office-bearers A.R. Ravindra Bhat, Subramanya R. Tantri, Pratap Kumar, Satish Ugraiah and others were present.

At Bannimantap Fire Station

Mass feeding *(Anna Santarpane)* marked the 11th day *Punyaradhane* at Bannimantap Fire Station on Monday. Hundreds of people were provided food as part of the condolence programme.

Earlier in the day, blood donation camp was held in association with St. Joseph's Hospital, in which the entire personnel of the Fire Service Station donated blood.

District Fire Services Officer Chandan, Station Officer Shivaswamy and others were present.

Many other Associations too paid condolence to the late actor by offering floral tributes to his portrait.

The Associations included Ganapathi Youth Association of K.G. Koppal, Chamundeshwari Snehitara Balaga of Hebbal, District Savitha Samaja, Basaveshwaranagar Puneeth Rajkumar Fans Association , Sharadadevinagar Auto Stand, Diganth Bhavan Circle Auto Stand, Kanakagiri Government Higher Primary School etc.

Centre to grant Jan Aushadh licence only to registered pharmacists

New Delhi, Nov. 9 - The Union Government has acknowledged the Karnataka State Registered Pharmacists Association's (KSRPA) demand to permit licences for Jan Aushadh stores only to qualified and registered pharmacists.

This follows after the Association in its communication to the Union Government indicated that the presence of a qualified pharmacist was mandatory as he had the expertise to dispense the right drugs and also advice on drug management and indicate the adverse drugs reaction. The presence of a qualified pharmacist is a must and more so Jan Aushad stores are being set up under the Pradhan Mantri Bhartiya Janaushadhi Pariyojana (PMBJP), which requires to strictly adhere to the regulations of the Drugs and Cosmetic Act.

Moreover, Jan Aushad stores are dispensing generic drugs which are affordable and of high quality. "These stores are being frequented not just by the general population but also the economically weaker sections. Hence, there is every need to ensure that only qualified and registered pharmacists are issued licences by the State Drugs Control Department," said Ashokswamy Heroor, President of KSRPA.

In an earlier communication to the Government regarding Jan Aushad stores, the KSRPA President pointed out that permitting only these outlets to substitute drugs amounts to discrimination. Referring to the Drugs Technical Advisory Board's (DTAB) 81st meeting on November 29, 2018, he said, "DTAB had deliberated on the proposal of allowing drug substitution for Jan Aushadh stores under the Drugs and Cosmetic Rules. It agreed to amend Rule 65 (11A) for allowing drug substitution specified in Schedule H, Schedule H1 and Schedule X with drugs containing same substance, strength and dosage. This is because generic drugs needed to be not just affordable but of high quality."

Chamundeshwari rivals Siddu, GTD share stage

Leader of the Opposition and former Chief Minister Siddharamaiah shared stage with Chamundeshwari JD(S) MLA G.T. Devegowda during the inauguration of Dr. B.R. Ambedkar Community Hall at Hinkal on Hunsur Road this morning. Hunsur MLA H.P. Manjunath, Urilingi Peddi Mutt Seer Sri Jnanaprakash Swamiji and others were present. More details tomorrow.

Hebbal Lake open for rampant fishing

(Continued from page 1)

Now with the pristine water body being handed over to fishing, residents, morning and evening walkers are upset with the fact that hundreds of kilograms of fish is being transported from the Lake, dirtying the whole atmosphere and also robbing the migratory birds of their food.

To register their anger against the Government move, a protest was organised at the Lake this morning by Hebbal Kere Samrakshana Samithi where they demanded immediate scrapping of the fishing tender and allow the Infosys Foundation to maintain the Lake as before.

Addressing the crowd, M.R. Ravikumar of the Samithi said that the Infosys Foundation had given new life to a once dead lake. "Sudha Murty has spent Rs. 105 crore to rejuvenate the Lake and has set up a water treatment plant and also fenced the surroundings to prevent encroachments. After life was breathed into the Lake, thousands of migratory birds come here in all seasons and roost. If fishes are caught on a large scale, there will be no food for the birds," he said.

MCDCC Bank President G.D. Harish Gowda, who is the son of Chamundeshwari MLA G.T. Devegowda visited the protest site and assured that the Lake will be maintained by the Infosys Foundation as before and all efforts will be undertaken to protect the Lake from pollution and large-scale fishing.

"The Government's attention will be drawn to the issue and the Lake will be protected. I will speak to my father on the issue," he said.

Dramatic drop in petrol and diesel prices: Who are the real beneficiaries?

By Bhamy V. Shenoy

For comparison purpose, there are more than 60 countries where petrol prices are higher than that in India which is about Rs. 105 per litre. In fifteen countries, petrol prices are higher than Rs. 150 and in the US, which wants to lead the fight against climate change, petrol price is only Rs. 75, really ironical.

More likely I may be the only one who questions the policy of NDA Government to drop petrol and diesel prices as a Deepavali gift. I am sure to get brickbats from most. I should hasten to add when in 2018 P. Chidambaram of UPA asked Prime Minister Modi to reduce petrol price by Rs. 25 per litre, I was critical of him. I wrote only if Modi becomes a magician he can do so and Chidambaram should not mislead the country (*SOM* dated May 25, 2018).

Bhamy V. Shenoy

If we follow the exhortation of Mahatma Gandhi, "Recall the face of the poorest and weakest man you have seen and ask yourself if this step you contemplate is going to be any use to him," one will appreciate why I am opposing the policy of price reduction by NDA.

Based on my analysis of the pros and cons of this populist policy of NDA, I conclude that lowering of prices hurt the poor of India far more than giving some needed help to a small section of farmers or those who depend on private vehicles for their livelihood. The rich and the middle class, who are the owners of private vehicles, are the real beneficiaries and these are the ones who do not need such help.

As a result of lower prices, Central Government will lose at least rupees one lakh crores (one trillion) of revenues which could have been used to improve Government Schools, improve health facilities which poor are failing to get, help millions of children with stunted growth with nutritious mid-day meals, etc. It needs repeating that despite having all the resources, India ranks poorly in sectors like education, health and hunger where our poor need help desperately. All political parties promise to provide such assistance and do just the opposite.

According to 2015-16 National Family and Health Services report, just 6% of households own cars and 38% own two-wheelers. Four-wheelers account for 36% of petrol consumption while two-wheelers for 62% and three- wheelers for 2%. This clearly shows that only the middle class and the rich will benefit from the reduced petrol prices.

According to a report by Nielsen for Petroleum Planning and Analysis Cell, transport sector represents 70% of diesel consumption. Remaining 30% is from the non-transport sectors — use in agriculture mostly for tractors and pumpsets (13.0%), industry(9%), power generation and others (6.5%) and mobile towers (1.5%), etc. Owner of a tractor or industrial company is hardly a common man. In the case of transport sector, buses (used mostly by the common man for travel) use just 6.8% and the rest is used by private vehicles and for transporting goods.

Detailed analysis of diesel consumption clearly shows that common man is affected only marginally and that too by the multiplier effect of higher transportation costs for goods. If we can trust wholesale price index, then the weightage for petrol and diesel in WPI is 1.6% and 3.1%. In short, fuel consumption analysis shows that only a small percentage of fuel price decrease will help the common man.

Let us compare the revenue loss from lowering of prices of Rs. 1.00 trillion to the personal income tax of Rs. 5.61 trillion (18%) as per 2021-22 budget. This significant largesse along with similar or more (only Kerala has decided not to reduce taxes since it cannot afford) reduction by States is indeed a Deepavali gift to the rich and middle class.

Since the estimated fiscal deficit of 6.8% exceeds the desired level of 4.5%, reduction in petrol and diesel prices will force the Government to reduce its expenditure of welfare projects like Ujjwala, health insurance, building toilets, MGNREGA, education, etc., which will really help the common man.

It is a truism that high fiscal deficit will result in higher inflation in most cases. Inflation has always been known to hurt the common man more than the middle class and the rich. Most of this reduction will go into the pockets of the rich and middle class who use cars, two-wheelers, tractors, power generators, etc.

It is ironical that when world leaders are discussing strategies to fight climate change, India has reduced taxes on fossil fuels instead of increasing to promote faster transition to electric vehicles. Modi could have replaced part of excise taxes by equal or more and called it "carbon tax" on petrol products. Had he done that the world would have applauded him for his path-breaking initiative.

For comparison purpose, there are more than 60 countries where petrol prices are higher than that in India which is about Rs. 105 per litre. In fifteen countries, petrol prices are higher than Rs. 150 and in the US which wants to lead the fight against climate change, petrol price is only Rs. 75, really ironical.

Finally, we need to realise that there is no free lunch though politicians keep promising it — **it is either low fuel taxes to help the rich or welfare projects to help the common man,** less inflation and faster energy transition. Choice is obvious.

NOTE: *Dr. Bhamy V. Shenoy, an IITM graduate, has over 50 years of experience in international oil industry having worked for Conoco in US and Europe. He was on the board of Georgian National Oil Company, Advisor to former Soviet Union countries of Kazakhstan, Uzbekistan, Turkmenistan and Georgia and also advised Ghanian Government, Pemex in Mexico, Pertamina in Indonesia, etc. He was Senior Advisor to Centre for Energy Economics at University of Texas. In India, he served as a member of Advisory Committee to Chairman of ONGC.*—**Ed**

SWR Mysuru achieves record freight loading in October

Mysuru, Nov. 9- South Western Railway (SWR), Mysuru Division, has achieved the highest ever monthly freight loading in the month of October 2021, clocking a figure of 0.805 million tonnes, surpassing its previous records of loading. This freight basket netting revenue of Rs.72.52 crore comprises iron ore, petroleum products, automobiles and others.

Mysuru Division's loading was 0.805 million tonnes in the month of October 2021, with freight revenue of Rs.72.52 crore, representing the highest ever monthly performance

Mysuru Division's freight revenue during October 2021 is the highest ever in a month. A total of 66 rakes containing petroleum products were loaded, marking the best loading of any commodity in the Division in a month. The tonnage recorded growth of 14.18% and the revenue saw a surge of 44.3%, as compared to the figures of the corresponding month in the last fiscal year. The cumulative freight earnings in the current year (up to October 21) stood at Rs. 381.40 crore.

Under inward traffic, 0.329 million tonnes of freight traffic handled in the month saw a marginal growth compared to 0.306 million tonnes recorded in the corresponding month of last year. The inward commodities with spectral distribution across the Division include food grains, fertilizers, cement and others considered phenomenally important providing fresh impetus for reviving the economy battered by the COVID pandemic. It is worth mentioning that several concessions and discounts to the freight customers to make rail, the fastest surface transport, more attractive even from the point of view of tariff, have helped the Division immensely.

In the parcel segment, the Division earned revenue of Rs.1.38 crore in the month. Incidentally, this is the highest ever monthly revenue. In terms of the policy formulated by the Government for transportation of the perishables by Kisan Rail, which protects the growers from making distress sales and reduces post-harvest losses by offering a whopping 50% subsidy helped in the transportation of three General Second Class rakes of onion from Chitradurga to West Bengal. This initiative has enabled the small farmers from remote villages to connect to the mainstream market without any middleman. The Business Development Unit (BDU) has immensely contributed to sustainable growth momentum.

On the passenger front, steady growth was witnessed at all the important stations across the Division-leading to revenue of Rs. 22.34 crore from transporting 1.54 million passengers in the last month. The total revenue in the 'reserved' segment stood at Rs.18.70 crore, the highest ever recorded in a month. The passenger revenue of the Division in the first seven months current fiscal is Rs.87.73 crore. With a sustained campaign to eradicate ticket-less travel, the Division booked a total of 14,938 cases in the month of October 2021 for all forms of irregular travel, ticket-less travel included, realising Rs.71 lakh as penalty, the highest recorded in a month,

Rahul Agarwal, Divisional Railway Manager, South Western Railway, Mysuru, has exhorted the Officers and staff of Mysuru Division to strive hard in the quest for further progress in the days to come.

Everyone has now started to realise

Dr. Ambedkar's contributions: Former IAS Officer

Dr. Ambedkar's statue unveiled at Kumbarakoppal

Mysuru, Nov. 9 (RKB&DM)- Maintaining that everyone is slowly getting to know the contributions of Dr. B.R. Ambedkar to the country, Chalavadi Mahasabha President and former IAS officer K. Shivaram said that people could not imagine what would have been the fate of oppressed sections had not Ambedkar born here. He was speaking after unveiling Dr. B.R. Ambedkar's statue at a programme organised under the aegis of Adishakti Kalikadevi Seva Samiti at Ambedkar Colony in Kumbarakoppal here on Sunday.

Asserting that no one has the right or powers to alter or amend the Constitution, Shivaram contended that no one has the capability to script the Constitution just like Dr. Ambedkar did.

He observed that Ambedkar wrote the constitution keeping in mind the pains and trauma suffered by Dalits and other oppressed and disadvantaged sections of the society.

Contending that it seems that everyone needs Dr. Ambedkar now as even people from upper castes are seeking reservation, he said that such an Ambedkar is continued to be seen in a limited perspective. Regretting that some sections of the society who are seeking reservation now had so far failed in understanding that they too need Ambedkar as it was he who mandated reservation in education and jobs, Shivaram opined that truly deserving sections need to get reservation at least now.

Stating that most other communities are well-organised, Shivaram wanted Dalit communities to take more steps in getting organised. Getting organised and maintaining unity is key for a community to become developed, he added.

Chamundeshwari MLA G.T. Devegowda, who spoke after unveiling Basavanna's engraved painting and inaugurated the Library that is adjacent to the statue, said that Dr. Ambedkar ensured that every community gets a fair pie in power. Calling upon all the sections to get educated and follow Dr. Ambedkar's principles and ideologies, he said that Dalits should take on positions where they can ensure that the Constitutional aspirations are fulfilled in toto.

Congress leader and former Minister Dr. H.C. Mahadevappa, in his address, alleged that there was a conspiracy going on to subvert the Constitution given by Dr. Ambedkar.

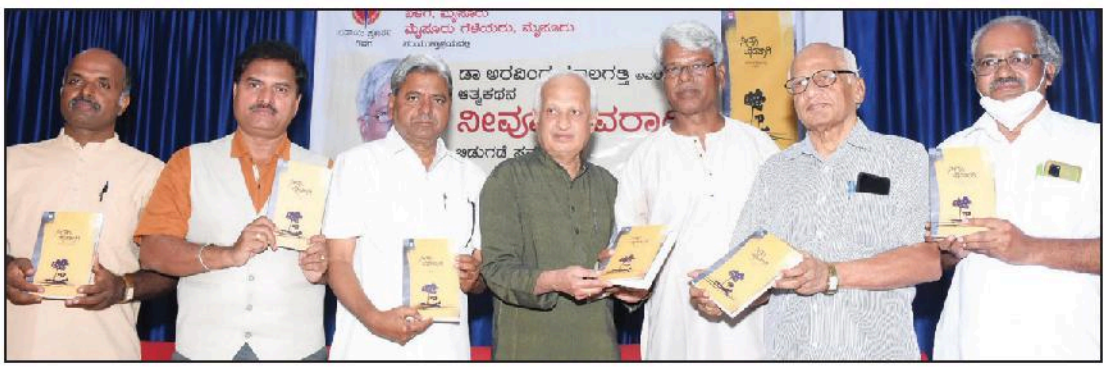
Maintaining that efforts are going on to weaken the democratic setup in our country, he contended that atrocities against Dalits were on the rise.

AKKA IAS Academy President Dr. Shivakumar unveiled Nalwadi Krishnaraja Wadiyar's engraved painting.

Earlier, a massive bike and auto rally was taken out from Town Hall to Kumbarakoppal, which was set off by Congress leader K. Harish Gowda.

MLA L. Nagendra, MCDCC Bank President G.D. Harish Gowda, former Mayor Purushottam, Corporators Vedavathi, Ashwini Sharath, Usha & Pallavi Begum, Sri Adishakti Kalikadevi Seva Samiti President Sarvesh, Secretary Nagaraj, APMC Vice-President Javarappa, Historian Prof. P.V. Nanjaraj Urs, Chalavadi Mahasabha District President Hamsaraj & leader Anagalli Basavaraj were present.

Autobiography is a tool for social transformation, says writer



Mysuru, Nov. 9 (PM&DM)- Maintaining that an autobiography is not limited just to its author but to the entire community, noted critic Dr. Narahalli Balasubramanya said that renowned writer Dr. Aravind Malagatti's works have the essence of transforming the society.

He was speaking after releasing Dr. Malagatti's autobiography 'Neevoo Devaragi' (You also become a God) at a programme jointly organised by Ladaayi Prakashana, Gadag Balaga and Mysuru Geleyara Balaga at the Institution of Engineers-India (IEI) on JLB Road on Sunday.

Maintaining that 'Neevoo Devaragi' was not just an autobiography of the writer, but the autobiography of an entire community, Dr. Narahalli Balasubramanya said that both the autobiographies of Dr. Aravind Malagatti — 'Neevoo Devaragi' and 'Government Brahmin' — have the rare essence of societal transformation. Noting that Dr. Malagatti's first autobiography 'Government Brahmin,' which was published in 1994, has the distinction of becoming the first Dalit autobiography in Kannada, he said that his second autobiography 'Neevoo Devaragi' read together, makes the reader feel that they are the autobiography of an entire community.

Pointing out that Dr. Malagatti has been working in the literary field for about four decades, he said that it is essential to debate Dr. Malagatti's works on a different standing as these works have a distinctive voice of venting out anger against discrimination of oppressed sections of the society.

Writer Dr. Aravind Malagatti, in his address, said that an autobiography is a vital tool for transformation of the society. Asserting that an autobiography does not essentially contain all that is seen in life, he said that his two autobiographies have a close resemblance of Dalit practices, culture and customs.

Dr. B.C. Doddegowda, Padmashri and Shabana each read out a chapter from the released autobiography while Dr. Rajashekar G. Mathapathi (Ragam) spoke about the work. Former KIKS (Kuvempu Institute of Kannada Studies) Director Dr. Neelagiri M. Talwar, Publisher Basoo and others were present.

GTD launches developmental works in Hootagalli CMC limits

Mysuru, Nov. 9 (DM)- With Hootagalli CMC (City Municipal Council) coming into effect, Chamundeshwari MLA G.T. Devegowda on Saturday launched a slew of developmental works in the CMC limits, which comes under his constituency. The works launched included UGD construction on the stretch from Vijaya Bank Circle in Hootagalli KHB Colony till Narayanappa Petrol Bunk at a cost of Rs. 30 lakh, construction of drainage and deck on the road leading from Hootagalli village to KIADB at a cost of Rs. 30 lakh, bridge expansion and storm water and UGD works on Koorgalli-KRS Road at a cost of Rs. 50 lakh, Koorgalli permanent drinking water supply project taken up at a cost of Rs. 1.52 crore and construction of Anganwadi building at Dr. B.R. Ambedkar Colony in Koorgalli, among others.

Former ZP President Koorgalli Mahadev, former ZP Member Chandrika Suresh, Hootagalli CMC Commissioner Narasimhamurthy, AEE Nagaraj and D.T. Kuber were present.

Construction workers to take delegation to Chief Minister

Mysuru, Nov. 9 (RKB&DM)- The monthly meeting of Karnataka State Construction Workers Association that took place at Jaladarshini Guest House on Hunsur Road here on Sunday, resolved to take a delegation to the Chief Minister for seeking addressal of their problems.

The meeting, Chaired by Association's State President P. Raju, discussed the delay in the distribution of benefits to beneficiaries under various schemes.

Association State Vice-President Anthony, General Secretary Shivakumar, Mysuru City President Beeresh, Vice-President Suresh and others were present during the meeting.

WORD OF THE DAY

Inane

Pronunciation: ih-NAYN
Meaning: Inane means "lacking significance, meaning, or point." Synonyms are silly, empty, or insubstantial.
Origin: Inane suggests emptiness in thought or meaning, and as a noun it has similar use, as in "thoughts making excursions into the incomprehensible inane" (the example is attributed to the 17th-century philosopher John Locke). The noun is not often used nowadays, but the adjective fills the void.
Example: "And because the leader insists 'There are no bad ideas,' everyone pipes up with inane or irrelevant suggestions." — Morey Stettner, The Investor's Business Daily, 24 Sept. 2021.

THE ODD WORD

Iconoduly

The veneration of images.

PHRASE OF THE DAY

It takes two to tango

Meaning: 'It takes two to tango' to indicate that two involved parties need to act cooperatively if an endeavour is to succeed. The term is also used to denote that both people involved in a negative situation are responsible.
Origin: The expression 'it takes two to tango' is a direct reference to the fact that two people must be involved for a South American dance called the tango to occur at all.
Example: "We really need to come to a compromise here; after all it takes two to tango."

QUOTE BOX

Great dancers are not great because of their technique, they are great because of their passion. **— Martha Graham**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

Mysuru Shooting Academy shines at Bengaluru Championship

Medal-winners of Mysuru Sports Shooting Academy during a press meet in city recently.

Mysuru, Nov. 9- Mysuru Sports Shooting Academy has bagged more than 50 medals in 'Roriez Sports Shooting Championship' and 'Arjun & Golden Ace Sports Shooting Championship' held at Bengaluru recently, said MSSA President Ravindraswamy at a press meet held at Patrakarthara Bhavan in city recently. In all, 21 shooters from the Academy had taken part in different categories and the medal winners are as follows:

Atheeq Ahmed - 5 gold and 1 silver in Open Sight Veteran Category; **Krishna Rajendra** - 6 gold, 2 silver and 4 bronze in Open Sight and Peep Sight Veteran Category; **Baban Khan (Najeebulla)** - 3 gold, 1 silver and 1 bronze in Open Sight Veteran Category; **Vaseem** - 1 bronze in Peep Sight Veteran Team; **Syed Ishraq** - 1 gold in Open Sight Para Event; A. Rahul - 1 silver in Open Sight Men Team; **Syed Razzaq** - 2 silver medals in Junior and Youth Team; Kishore - 1 silver in Open Sight Men Team; **Rithik** - 1 gold and 1 bronze in Open Sight Junior Men Category; **Rajesh** - 1 gold in Junior Men Team and 1 silver in Junior Individual; **Sagar Mandanna** - 2 gold medals in Individual and Team in Open Sight Youth Men; **Likith** - 1 gold in Junior Open Sight Team; **P.R. Shashank** - 2 gold medals - Individual and Team in Junior Category; **Nihal Manoj** - 1 gold and 1 bronze in Open Sight Youth Category; **A. Harshitha Bai** - 2 gold medals - Individual and Team in Open Sight Women (Highest scorer in Roriez Sports Shooting Championship - Women Category); **Adarsh** - 1 gold and 4 silver in Open Sight Men Event; **P. Amogh** - 1 gold, 1 silver and 1 bronze in Open Sight Men Category; **Keerthan** - 1 bronze in Pistol Youth Category; **Prajna** - 4 gold and 1 silver (Highest scorer in Arjun and Golden Ace Sports Shooting Championship); **Cheathana Obu Lakshmi** - 1 gold in Women Team; **K.B. Nachappa** - 1 gold and 2 silver medals in Open Sight Junior Men; **Pranav** - 1 silver in Open Sight Youth Men Team; **Tanushree** - 1 gold and 1 bronze in Open Sight Junior Women; **Chandan** - 1 gold and 1 silver in Open Sight Men Team.

Chief guest Sundresh felicitated the winners. MSSA Secretary H.S. Vivek was also present on the occasion.

Excel at Natl. MMA and Striking MMA Championship-2021

Fighters of Oshokai Martial Arts College, Mysuru, have won medals in various categories at Kempegowda National MMA and Striking MMA Championship-2021 organised by All India Mixed Martial Arts Federation (AIMMAF) in Bengaluru recently to select fighters for GAMMA (Global Association of MMA) World Championship. The medal-winners — (standing from left) R. Manjunath (Bronze - Straw Weight Category), S.R. Puneeth (Silver - Light Weight) and Mahesh Datta Joshi (Gold - Middle Weight) — are seen with their coach Grand Master Hanshi S. Krishna Murthy. The gold-winning fighter Mahesh Datta Joshi has been selected to participate in the GAMMA World Championship to be held in Germany.

"Chess is the gymnasium of the mind."

– Blaise Pascal

CHESS Training

In chess, every move has a purpose and effect on the outcome of the game. Since making decisions while playing chess is so similar to the process we take throughout our own lives, isn't it reasonable to conclude that chess can teach us critically important life lessons?

Online Chess Training is also Available

- Prioritization and Strategy
- Decision Making and Time Management
- Weighing Options and Making Sacrifices
- Concentration and Stamina
- Learning From Mistakes and Failure

"Every chess master was once a beginner." **Call : 81238 19220**
